Interview with [REDACTED] and her friend Jill were walking home to Jill's grandmother, Mrs. Joe Ballew, 940 Grant Street, Tel. # 772-7388, from Mcn View School playground. The girls noticed a car driving around ten or fifteen times and they wondered why he kept going around the block. This man stopped and ask if we knew a Judy, and the girls replied, no we know a Jodi. He stated he was from Nebraska and didn't know his way around, and would the girls get into the car and show him where Jodi lives. The girls told him they had to go home but he said, better get in the car or your going to get hurt. [REDACTED] thought the plates on the car was not red, Nebraska, but green, like a Colorado plate) The girls did at this time get into the car. They tried to tell him where to turn, but he did not turn. He then stated he needed cigarettes and that they would not mind him going to get cigarettes. The girls told him they were in a hurry to get home. [REDACTED] said that he had cigarettes in his hands the whole time) He passed 7-11 store and went on to Albertsons and did pull up and park in front of Albertsons, then said, look what I found and held up the pack of cigarettes. [REDACTED] said he knew street names and acted like he knew his way around.) He then ask the girls if they wanted to go for a ride. Both girls said no, they had to get home, that Jill's grandmother was a worrier. He said, well, your going anyway. Then he drove into some field where there is construction, there were cats and it looked like they were building a road. While they were driving he ask the girls if they knew the meaning of some words, like "fuck" and "shit" and "pussy", the girls replied no. Both girls were riding in the front seat of the vehicle and Jill was sitting close to the man and [REDACTED] on the outside of the seat. He ask Jill if she would trade places with [REDACTED] but [REDACTED] ask her not to. Jill ask, why he was so interested in [REDACTED] she's only ten. Then he stopped the car and [REDACTED] tried to get out of the car, but he shut the door and wouldn't let her out. (At no time did he get out of the car so it is difficult to give an accurate opinion on how tall the man was.) Then he ask the girls if they had ever seen a mans Dick ? [REDACTED] said, yes, my fathers. He pulled down his pants and ask the girls to touch his Dick. [REDACTED] said no. and he ask Jill to touch it, and Jill touched it, then then he told [REDACTED] if she didn't touch it you guys aren't going to be to safe. He then told [REDACTED] to pull her pants down and sit on his leg. She said she didn't want to. [REDACTED] then said, you have to. She said she didn't want to. [REDACTED] then said, you have to. She said she didn't want to. [REDACTED] then said, you have to. She said she didn't want to.

[redacted] at this time does not recall what exactly took place, she said it was like she was asleep. But after, and they were on their way home, he told Jill that she must promise not to tell anyone what happened. He told [redacted] he was sorry and he knew he shouldn't do what he did but that he liked little girls.

Interview with Jill Lynn McRenolds, DOB 3-12-65, 2998 18th Street, Boulder, Tel. # 443-8566, stated man stopped and said I'm lost, I don't know my way around and I'm looking for Judies. Jill said she knew a Judi that lived near her grandmother. He said that must be it, why don't you get in and show me. The girls didn't want to, but he made them get in the car. He turned the wrong way from the Grandmothers house. When the girls told him this, he said, I'll have to turn around. He then ask if they would mind if he got some cigarettes and they went right past Francis Street Ideal. Then Jill said something is wrong, and she was scared and he said I'll stop at the 7-11 right up here, but drove right on past. Then he stopped in front of Albertsons, but he had cigarettes. Then he drove on, and Jill said she was getting sick and he ask her if she wanted to get out and get some fresh air and he and [redacted] would drive around. Jill told him she didn't think that was a good idea, but that he had better hurry and get her home. While they were driving around he ask if they knew the meaning of some words, like "fuck", "Pussy" and "fuck". [redacted] tried to jump out of the car when he stopped and he wouldn't let her and she was crying and frightened. He pulled down his pants and told [redacted] to pull down her pants. Then [redacted] got on top of him and "he kept pulling her back and forth on him and then he urinated on her pants." He took them back to town and let them off on Lincoln Street and they stopped at the third house and tried to call Jills grandmother, but Jill couldn't remember how to spell her last name and the lady there called the police.

The girls both described the car as follows: White with a red stripe down the side, bucket seats but with a back seat in the car. Interior black, or dark. Handle on door is type that pulls out, rather than push down.

Man; Cau-25 to 35 years of age, reddish brown hair, no glasses, hair to ear and curly, possibly 5'10" to 5'11" 195 to 200 lbs, has mustache. Man wearing a white blue shirt, blue pants.
